Apply now

for the Business Plan Competition 2010 and business skills training and

CREATE YOUR OWN BUSINESS

The BSC Monrovia offers a total package to start your own business!

The Business Start-up Center Monrovia calls for women and men under 35 years of age who would like to start a business or develop their existing businesses, to submit a simple business idea to the Business Plan Competition. The best participants will receive **training** to develop their ideas into business plans. The participants with the best business plans will receive **finance** to the maximum value of 10.000 USD, **coaching & mentoring** and additional business skills training. BSC Monrovia promotes equal opportunities for men and women for participation in Business Plan Competition. Business skills training courses include topics such as: business plan writing, accounting and budgeting, project cycle management, organizational development, sales, human resource management, planning and management, marketing and market research, etc.

The BSC Monrovia helps young Liberians to find jobs!

Senior students and graduates of the ALU member universities and Grand Bassa Community College can sign up for a number of general business skills training and job search training. In addition the BSC Monrovia will organize job search events bringing potential employees and employers together.

The BSC Monrovia is a pilot project of the Association of Liberian Universities (ALU) and an initiative of the ALU, SPARK and the Ministries of Education, Youth and Sports, Labor and Commerce. The project is financed by the Netherlands Ministry of Foreign Affairs through SPARK. SPARK develops education and entrepreneurship so that young and ambitious people are empowered to lead their post-conflict society into prosperity. The BSC Monrovia activities are implemented with the support of the SPARK initiated BSC Zenica in Bosnia and Herzegovina: www.bsccenica.org - www.spark-online.org
